

Canyon Lake Parrot Head Club

May Newsletter

From The President

Greetings To my Fellow Quarantined ParrotHeads

It looks like the month of May, will be a wash , as far as our meeting goes, but Brenda is looking onto the possibility of having a Zoom , or some other online type of get together . She is working out the details , since she talks to me about this technology , it sounds like another language or code.. lol

This quarters charity is the " Feed the Kids " summer program , where we collect food that children can fix for themselves.

I have called Darin , about the possibility , of having a one day food drive at our three local grocery stores. When I hear from him , I will send out more information

One question ?? How did you spend your time , during this shutdown ??? If you find the time . please send me a photo ,or text that tells , your story .

I am looking forward to seeing all of you soon. Please stay safe and be kind to each other .

Our Charity for this Quarter CRRC Summer School Meals for Children

The CRRC Summer Feeding Program provides an extra allotment of food that is specifically intended for child nutrition during the summer months. Many children in our community qualify for and receive free or reduced meals at school during the school year, but are not afforded those meals during the summer months. This either puts an extra financial burden on struggling families or the children go hungry. Your donation to help us with this program is greatly appreciated!

**Needs: Things that don't need to be cooked, microwave is O.K.
Mac -N-Cheese and Chef-Boy-AR-De (microwave) type foods, granola bars, fruit snacks, individual servings of puddings, fruit, jellos, chips.**

It still looks like we are still on hold for our May Meeting. Will keep you updated.

Parrothead Strong. Hang in there. Stay Safe.
